UNITED STATES INTELLIGENCE BOARD

65-6859

OFFICE OF THE EXECUTIVE SECRETARY

19 November 1965

MEMORANDUM FOR :

Office of General Counsel/Legislative Counsel

STATINTL

SUBJECT

: General Counsel Proposals on Congressional Testimony

REFERENCE

: Memorandum to General Counsel from Executive Director, same subject, 26 March 1964, with Attachments

1. Following our recent discussion, I am returning herewith the reference material which you had sent me on 30 March 1964 to consider and suggest any ideas.

2. To recap, we discussed this by phone on 18 August 1964. I explained that we in USIB Secretariat had discussed it a number of times and had been considering it carefully but had not yet come up with any useful new ideas for action by USIB or otherwise. I did mention that the DCI had discussed this type of problem on occasion with USIB in executive session. You had indicated that there was practically no possibility of action on this matter at that time. You also said that there had not been any serious problems on such congressional testimony recently. We agreed that if it appeared desirable you would get in touch with me for further discussions before the next Congress convened.

3. On 13 May 1965 I checked with you again and you said that the problem was not as big now as previously, and asked that I hold on to this file for the time being.

4. If it again appears desirable to consider this problem further, I will be glad to be of help in any way I can.
